Last month, the gift of a massive leak of the now defunct internet forum Iron March, where Atomwaffen Division was formed, provided researchers with a treasure trove of material. This is the third in a series of articles covering the Iron March data leak. Read the first four articles in our series here:

- Iron March Leak: Former Blood & Honour Member, Atomwaffen Division Affiliated, and Canadian Forces Member MOONLORD Identified
- Iron March Leak: User "New Canadian Empire" Attempted to Forge Alliances With Canadian Fascists; Had Political Ambitions; Claims to Have Been in Army
- Iron March Leak: Bernie Miller, Dmitri Balitsky, and Teaser
- Iron March Leak: Forum Moderator MOONLORD Was Former Calgary Blood & Honour Member, Active Canadian Forces, Supported Atomwaffen, and Apparently Selling Weapons to French Far-Right

In addition to our series, **Unicorn Riot** identified **MOONLORD** as Boris Mihalovic. Mihailovic is an active member of the Canadian Navy:

Mission Statement

A group of diverse but like-minded individuals, the members of ARC have come together in their common desire to fight hatred, bigotry, intolerance and violence because of the harm these antisocial behaviors cause to our society. In that effort, we will not use or sanction the use of illegal actions (such as violence or intimidation) in pursuit of our desired aims and if we learn of anyone who does use these unethical methods we will report those individuals to the authorities. Instead, we will use the guarantees found in the Canadian Charter of Rights and Freedoms that ensure freedom of legal speech and expression.

This is important to note, as Mihajlovic isn't the only Iron March user with a military background.

Meet Tony Mckay, AKA "DEAD."

Mckay wasn't particularly active on Iron March, but his posts included information that was used to confirm the identity of a young man who is studying at Simon Fraser University and who appears to be an active member of the military, as of this year. He also claims to be associated with key members of Atomwaffen Division.

"Humanity... All of my suffering on this world has been at the hands of humanity, particularly women." Elliot Rodgers Elliot posting aside I would like to introduce myself to the community and thank you for the opportunity for me to do so. In a sense in high school, the age of 17 with plans of going into trades to become an HVAC technician. I reside in British Columbia Canada in the Pacific Northwest yet have always been a patriot and lover of my country from which I was at one point one of the loudest supporters of feminism and the false freedoms and Marxist values that can found in the ideology. It was not until a couple of years ago when I discovered pol/ on 4chan at which an interest in politics blossomed. I went from Liberal to Libertarian, these beliefs did not solidify due to the lack of stance taken against the degeneracy of the West and general lack of morality involved in the ideology. After this I found myself quite satisfied with National Socialism, as with an unbiased eye I discovered that Hitler wasn't the evil devil that wanted to kill all people who respect blue eyed and blonde haired. With this said, I do have to admit I find myself having sympathy with the monarchy. I think this is mostly to address succession in a Fascist or National Socialist state. I am still quite young and have much to learn so I cannot say my beliefs are perfectly formed or even finalized, I am sure there is much to learn from those on this forum. REASONS FOR JOINING: I have joined because there is much for me to learn. I have also joined because of the feeling of helplessness. That feeling that no matter what your voice is not going to be heard, nor should it. That feeling that no matter what you do, you have no impact on politics or your government. Let alone the opinion of those around you. I have grown complacent due to a lack of real action, a lack of real progress or concrete change. I had voiced these opinions in certain groups and I was told that this website could offer what I desire. I hope that I may benefit this community as much as it will benefit me. I have also noticed from looking that the quality of discussion require high in comparison to other forums that try to offer the same service, and I say this trying to gain as little favour as possible. SKILLS: As for skills I can't say I am too specialized in anything much. I love camping and anything to do with nature so I suppose my outdoor survival skills may be slightly more refined than someone who lives in a big city but besides that I must admit I am a blank slate. This is obviously unacceptable but can be changed. I also play guitar and am pretty good at shooting, can't imagine those two things being relevant here. :) INTERESTS: Quite recently I have found myself enjoying Tennis. I am also partial to the idea of Balkanization of North America (link) and Successionism (link) the current tyrannical governments of the west. If you haven't concluded so far I support the embolishing of Canada, or a nation in the Pacific Northwest. I would like to see the community for allowing me to introduce myself and I am more than happy to answer any questions you bunch have for me..... Take care and God bless, CanadianLaga

Mckay's introduction post (a requirement on Iron March) where he provides his ethnicity and philosophy. McKay mentions knowing both Odin (Brandon Russell) and Weissewolf (Devon Arthurs), of Atomwaffen Division in his introductory post, indicating they suggested he join Iron March.

Sound like you have still much to learn. Read all the auto materials, then grow some conviction and a spine and believe in something. You also seem from the thread title ("Twisted World" lol) and quoting that Ben Lager Rodger to be trying hard to be edgy. Other than that, you seem fine. Fascism will certainly help you defeat your feeling of helplessness, or any kind of depression you might have. There's nothing more uplifting in this world than the doctrine of fascism, since it brings truth into a world of lies. Welcome.

Pretty much yeah, actually chinks have been here on the west coast just as long as Europeans. Chinks I could do without honestly. First the quietly islands now every price of property in the lower mainland. Miscegenation being promoted and normalized via Western media? Well the hope is subversion and ultimately usurping the movement, adapting it to my liking. Also I do not associate with that honey pot tea lol.

Whores and Asians are two of the biggest demographics, it's safe to assume race traitors amongst both will usually produce haps.

Mckay, using slurs, discusses his opinions on people of Asian descent, and the benefits of fascism
